

Movie Club 2018-19

Purpose of the movie club is learning through the medium of interesting, inspirational and unique films. Through movies students will encounter and reflect on ideas, experiences, emotions and creative efforts.

This year the Movie club's focus was on documentary films on the environment. The first film was 'The Great Pacific Garbage Patch' – a documentary which focused on the plastic pollution of the ocean, was screened on the 20th of July 2018.

'Save our Sholas' an award winning documentary directed by the award winning wild life filmmaker Shekar Dattatri was screened on the 28th of September 2018. . This documentary provided a glimpse of the amazing diversity of life in the shola forests of the Western Ghats.

On the 12th of October 2018, the award winning French documentary film 'Home' was screened. 'Home' a film composed entirely of aerial shots is a beautifully shot panorama of the earth and the damage done to it by modern humanity.
