Nirmala College for Women

(Autonomous) Reaccredited with "A" Grade by NAAC

Success Stories

Editorial

God has endowed every individual with a unique inborn talent which finds fruition only in the hands of Pioneers. These few have been able to realize it by consciously working towards it. It is the extraordinary courage and perseverance of such great men and women which has not only rewarded them with success, but also has changed the life of all in the world. The ideas, struggles, sacrifices and passion of these stalwarts have contributed so much to the society, that their lives become inspirational to every aspiring learner. The theme of this Magazine exemplifies the success stories of these souls, which are sure to invoke the dormant potential of the youngsters, who will be able to cross the boundaries of limits, think out of the box, contribute substantially to the society and break barriers of the restricted conventional thoughts and emerge successfully victorious.

In our efforts towards accomplishing the Mission of our College of nurturing intellectual curiosity in the students and preparing them to be holistic personalities, the magazine has presented varied accomplishments and achievements of outstanding individuals in the field of Astronomy, Science, Art and the like. The survival instincts in the early Man, which prepared him to face difficulties and prove mighty has evolved through ages, making him successful in all walks of life, be it personal, social, academic, entrepreneurial, cultural and above all in the spiritual realms of knowledge and wisdom. Introducing such lofty thoughts taking strong roots in the young minds and motivating them to materialize them successfully is the noble purpose of this magazine. May the Lord's abundant Grace combined with an unrelenting perseverance, immensely bless all the noble aspiring individuals with success.

- Chief Editor

A Token of Gratitude

One single flame of a lamp can dispel darkness and one single stroke of an idea can enlighten one's whole perspective. In the process of learning, the experience and wisdom of successful people and elders, prepare one to a tremendous extent. One such inspiring personality to whom the College owes its reverence and gratitude is Dr. Sheba Frederic, the Chief Editor of the College Magazine. Her decade-long tenure of Chief Editorship has contributed wonderfully to the quality of the Magazines in terms of their exquisite themes,

strong content, poetic versatility, and great design. With a lot of love and appreciation, the Magazine committee records a heartfelt gratitude to Dr. Sheba for her excellent expertise in rendering Masterpieces, which have won many State level Magazine Awards and recognition. Her simple ease at selecting apt aesthetic diction, phrases, verse and variety of ideas and concepts have proved to be highly inspirational and motivating to us. Her penchant for finding beauty even in simple things and situations, passion for perfect expressions, consistent endeavours and expertise are worth commendable and stand unparalleled.

Thanks a lot Dear Mam, for your selfless outstanding service, which have illumined the minds of readers and accorded a bard's grandeur to all your Masterpieces. With your retirement from your active service, we will surely miss your valuable guidance and encouragement. May God bless you with the same splendour of a happy and a peaceful retired life.

**The horse is made ready for the day of battle,
but VICTORY rests with the LORD - Proverbs 21:31**

*Ho! We are strong, We are swift, We are brave.
Youth is a challenge, and Life is a fight.
All that is best in us gladly we give,
Sprang from the rally, and leapt for the height.
Oh, what a triumph and pride shall be ours!
See where it beacons, the star of success!
New fields to conquer, and time's on the wing.
There! We have gained to the summit at last.*

- Robert Service
